The Robert Carr Fund is the world's leading international fund focused on funding regional and global networks led by and serving inadequately served populations (ISPs).

The session will:

1. **Launch the new Robert Carr Fund strategy** charting the fund's course through to 2024.

We will share how our new strategy will:

- Continue RCF pooled funding approach and participatory grant-making
- Amplify our commitment to financing regional and global networks
- Engage in an evolving health landscape to improve the health, well-being and social inclusion of ISPs
- Contribute to the global commitment to "leave no one behind".

2. **Showcase the critical work and impact of civil society networks**

in responding to two global pandemics: HIV and COVID-19.

RCF grantees will share key lessons from the networks' role in this time of crisis and their vision for the future.

Facilitator: [Maria Phelan](#), Robert Carr Fund Interim Director
