

BREAKING CONVENTION
JULY 12-14 2013
LONDON, ENGLAND

Breaking Convention is a biennial British interdisciplinary conference on psychedelic consciousness, bringing together experts from around the world to present data and commentary on psychedelic science and culture.

CALL FOR PAPERS NOW OPEN

[England's Biennial Interdisciplinary Conference on Psychedelic Consciousness.](#)

Following the success of Breaking Convention 2011, which was held on the first weekend of April at the University of Kent, the technicolour flag of international psychedelia will be hoisted once again on 12-14 July 2013. Breaking Convention 2013 will be held at the beautiful, baroque Old Royal Naval College campus of the University of Greenwich – located near to central London.

To apply to present at Breaking Convention, please read the following notes on suggested topics and how to submit your abstract (talk summary).

ABSTRACTS

Your abstract must be between 100-400 words and must clearly and concisely describe the proposed remit of your talk. Research submissions are preferred, although data may be either qualitative or quantitative. Non-research submissions will also be considered.

Along with your abstract you must attach a short biography (no more than 400 words) and, where applicable, a list of relevant publications. Please also state your current country of residence.

Although we will consider submissions which do not fall into the following categories, your chances of acceptance will be increased if your abstract pertains to one or more:

- Psychedelic Psychiatry & Medicine
- Psychedelic Neuroscience, Physiology and Psychology.
- Psychedelics & Philosophy
- Psychedelics, Time & Perception
- Psychedelic and Non-psychedelic Altered States of Consciousness (ASCs).

REIMBURSEMENT AND SUBSIDY

Unfortunately we will not be able to subsidise entry or expenses for speakers whose abstracts are accepted. Breaking Convention tries very hard to keep its ticket prices as low as possible, and consequently we are only able to provide financial help to our invited speakers. If your abstract is accepted, you will be required to register for the conference to confirm.

ACCEPTANCE CRITERIA

- The abstract must clearly describe the proposed talk and, where applicable, the source of data.
- Applicants may be from any background, with no minimum education levels, although all are expected to demonstrate expertise in their area of interest. This must be summarised in the biography.
- The abstract must be strictly relevant to the conference.
- Abstracts must be received by the deadline of 28 February.
